

## **Liberal College, Luwangsangbam Institutional Distinctiveness**

With its tradition of learning and serving the humanity. The college has very often visited luwangsangbam matai village and conducted cleanliness programme. One of the motives of the college in visiting the village is to find out the socio-economic condition of the people, so that we can have academic intervention in the small way we can.

The college management body is giving top priority to infrastructure development for girls' students in the college. In order to provide cheap, safe and suitable accommodation to the girls from low-income groups, hostel has been opened at the premises of the college in 2013. A large block of two hundred capacities have been recently built. It is located at the proximity of NH-2 (Imphal Dimapur Road) in an area of about 2 acres and the remaining areas are of green coverage.

The main objectives of building girl's hostel are to provide a comfortable and homely accommodation, intellectual stimulation, cross cultural interaction and freedom with responsibility to the girl residents. The girl's hostel is aesthetically designed in a wide campus with a total of 98 rooms. The common room and open green areas attached to it is meant to provide moments of leisure. A community area is also provided in each block for use by residents to promote interaction among students.

Funding and management: The construction of the hostel building is funded by Ministry of Tribal Affairs, Govt. Of India. All the management and functioning of the hostel will be done by the college.
